TRANSFORMING LIVES.

It can make a big difference when individuals are surrounded by people who see potential and seek to empower those that otherwise may not be given a chance.

Our approach is that every person truly matters; their story matters. Our pathways are focussed and intentional in building confidence. reducing anxiety and empowering people to become the best version they can be.

Our top-rated social enterprise cafe in Aura proves just that.

Parcels of Peace continues to help hundreds of local households during our annual Christmas campaign, each year Rhythm purchases toys and presents and provides food relief Christmas hampers for families with parents in prison as well as households that have been impacted through domestic abuse.

Your generosity matters during this time means we can often make such a big difference bringing hope and peace during such an traumatic period in a person's life.

Since we opened in 2021, we have helped people from all walks of life be empowered to shine, to be all they can be. This leads to increased confidence, reduced anxiety and has seen amazing people find a sense of belonging and purpose. At Rhythm Initiative, we do just that.

The support of local businesses and people who can give a small regular donation truly makes a big difference.

Your small equals their big.

MAKING A DIFFERENCE TOGETHER.

It is said that it takes a village to raise a child. At Rhythm, we believe that it takes a commuity to build a city. A community with a common goal to help see people not where they currently are, but where they are destined.

Through the lens of potential, we collectively can help build our city to become vibrant and not leave the disadvantaged behind; those impacted through isolation, abuse or the tough circumstances life brings.

Together, we can make a difference to help our local community flourish and develop the potential of individuals.

With people just like you, Rhythm Initiative is seeing people empowered and hope restored in the lives and families that make up this beautiful city.

Rhythm invites you to partner as we continue to seek new ways to empower people who may not get to experience what it means to be valued and see dignity restored.

As a supported employee, Eli is on a developing pathways stream. Each week, Eli makes amazing coffees, always shows up and over his time at Rhythm, has grown in confidence and developed skills that has enabled him to now take on a traineeship while still attending school.

"Our son, Eli, has been embraced and nurtured since the moment he became involved with Rhythm Initiative.

Eli is always enthusiastic about working there and feels such a sense of belonging. Everything about this experience has been a massive boost to his confidence, employment outlook, skillset and goal of achieving independence.

It is immeasurable how much we have not just been relieved, but enriched and blessed because of Rhythm."
